Closures on SR 77 Precede Progress!

The Arizona Department of Transportation (ADOT) invites you to attend an informational meeting about upcoming construction on State Route (SR) 77 that will require temporary road closures, as well as construction activities on US 60 and SR 177. ADOT is holding these meetings to inform the community about the upcoming construction projects and how they will affect travel time and routes while construction is underway. ADOT representatives will be present to assist with questions and concerns the public may have regarding the project activities and how traffic through the area will be affected. By attending an information meeting, travelers will be better prepared for potentially seven months of daytime closures and other restrictions during the roadway improvements.

Americans with Disabilities Act (ADA): Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting Coralie Cole at (480) 763-8734. Requests should be made as early as possible to allow time to arrange the accommodation. This document is available in alternate formats by contacting Ms. Cole.
